- Custom Surveys (Optional)

If you're interested in these features, visit our website for more information!

PASS Tracking
A web-based, full-featured client management program

PASS
Professional Assessment Software Suite

The software behind our incredible assessment tools is the Professional Assessment Software Suite (PASS).

Whether the client fills out an online or paper/pencil assessment, PASS will generate **IMMEDIATE** results!

PASS is a comprehensive product that includes:

- Centralized database
- **Interactive surveys (kiosks are available to act as an additional computer unit; contact us for pricing details)**
- Online ordering
- **Built-in assessment tools**
- Built-in audio
- **Multiple-user accessibility**
- Custom data collection
- **Flexible reporting features**
- Custom Surveys (Optional)

PASS is also completely free! The price is incurred when you purchase assessments, which are pay-as-you-go, and never expire.

All you need to run PASS on your computer is an Internet connection!

We Provide **Professional Substance Abuse Assessments**

We Can Help You

Software Solutions for Human Problems

The NEEDS Assessment looks at patterns of behavior in a number of critical areas to provide a concise, but comprehensive, profile of an individual's functioning.

NEEDS addresses and assesses:

- Respondent Attitude
- Basic Problem-Solving and Reading Ability
- Substance Use
- Physical Health
- Criminal History
- Emotional Stability
- Personal Relationship and Support System
- Employment
- Education
- Needs/Risk Assessment
- Suggested Supervision Levels

You may also add additional questions!

$10.00 each (minimum order of 12)
Or purchase a NEEDS Single for $15.00

Ask us how you can integrate our assessments into your current Client Management System!

The SALCE is a 98-question, adult substance abuse evaluation. This instrument measures the respondent's test taking attitude, a measure of how appropriate responses are to survey items. The SALCE may be used as a basis for a personal interview, a psycho-social evaluation or a referral.

$8.00 each (minimum order of 12)
Or purchase a SALCE Single for $15.00

The JASAE is a 107-question, automated adolescent substance abuse evaluation. This instrument simplifies the difficult task of conducting assessments with juveniles by focusing on age and life situations as part of the assessment. The JASAE incorporates the differences in life situations for juveniles, including living at home, going to school, and not having a job or a family to support.

$8.00 each (minimum order of 12)
Or purchase a JASAE Single for $15.00
